Glossary:

Geographic cover: Geographical coverage describes the locations or the geographic area which is related to a case where there is no hospital that belongs to the specific Designated Service Provider (DSP) group hospital e.g. Mediclinic and NHN are the DSP hospitals and if there is no Mediclinic or NHN hospital in the region of 50km (geographic cover), then another hospital will be listed as the preferred hospital.

General hospital: A general hospital is a hospital that does not specialise in the treatment of particular illnesses or surgeries. They can admit for any medical condition or any type of procedure. This includes both private or state hospitals.

Discipline cover: Occurs when a specific hospital in the DSP hospital network cannot render a specific service. E.g. if a DSP hospital cannot cater to cardiovascular procedures/admissions, a hospital that can render the service in a 50km radius will be a preferred provider.
