SOUTH AFRICAN SECURITISATION PROGRAMME (RF) LIMITED ZAR5 000 000 000 MULTI-SELLER SEGREGATED ASSET BACKED NOTE PROGRAMME SERIES 1 ("EQUIPMENT RENTAL SECURITISATION SERIES"): REQUEST FOR SERIES 1, CLASS B9 NOTEHOLDER APPROVAL IN RELATION TO AN AMENDMENT TO THE APPLICABLE PRICING SUPPLEMENT RELATING TO THE CLASS B9 NOTES ISSUED UNDER SERIES 1

1. We refer to the Programme Memorandum dated on or about 12 August 2015 establishing the South African Securitisation Programme (RF) Limited ZAR5 billion Multi-Seller Segregated Asset Backed Note Programme (the "**Programme**"), as supplemented by the Series Supplement dated on or about 12 August 2015 relating to Series 1 ("*Equipment Rental Securitisation Series*") ("**Series 1**") under the Programme (the "**Series 1 Supplement**").
2. Capitalised terms used but not defined herein shall bear the meanings ascribed to them in the Series 1 Supplement.
3. This request for written approval (the "**Approval Request**") is delivered by South African Securitisation Programme (RF) Limited (the "**Issuer**") to each holder of Class B9 Notes issued under Series 1, in order to obtain their approval in respect of the proposed amendment ("**Proposed Amendment**") of the Applicable Pricing Supplement dated on or about 13 May 2022 in respect of the Class B9 Notes, on the basis set out in the draft supplement attached hereto as Annexure "A" ("**Supplement to the Applicable Pricing Supplement**"). The Proposed Amendment seeks to extend the Final Maturity Date of the Class B9 Notes from 17 November 2030 to 17 November 2035, for the purpose of ensuring that the Final Maturity Dates of all outstanding Notes under Series 1 are aligned to the same date. The need to extend the Final Maturity Dates and to align the Final Maturity Dates of all Notes in Series 1 is to address a structural shortfall raised by the Rating Agency, namely that the Notes show sensitivity to decreasing time to final maturity for pre-existing Notes, and, in the absence of restructuring the Final Maturity Date as proposed, the asset and liability mismatch issue is likely to lead to progressive downward rating pressure, on the Class C Notes first, followed by the Class B Notes in the longer horizon. This is because as the time to their final legal maturity date (the time period over which collections on the assets can be applied towards amortisation of the notes) shortens, there will not be sufficient time for the Class B and Class C Notes to be fully repaid by their legal final maturity, which risk arises not for credit-related reasons, but solely due to the structural shortfall outlined above.
4. We hereby request that the holders of Class B9 Notes issued under Series 1 approve the Proposed Amendment by completing and signing the extraordinary written resolution attached hereto as Annexure "B" and delivering same to the relevant CSD Participant and to Sasfin Bank Limited in accordance with the terms of the extraordinary written resolution.

5. We confirm that the Proposed Amendment has been approved in writing by the Series Security SPV.
6. If approved, the Supplement to the Applicable Pricing Supplement will be made available on the Series Manager's website (on behalf of the Issuer) at <https://www.sasfin.com/investor-relations> under the heading "SASP".
